

Community Pharmacy questionnaire

A Pharmaceutical Needs Assessment (PNA) must present an accurate picture of pharmaceutical service need and provision and will therefore highlight and summarise areas where provision is deemed to be inadequate i.e. "pharmaceutical needs". In view of the important commissioning decisions that will be made with reference to the PNA, contractors will recognise the dangers of using incomplete or inaccurate information. For this reason your active co-operation with the following questionnaire is essential. Please ensure that all details are supplied as requested and checked for accuracy.

Please complete this short questionnaire by 13th July 2014. Please note that the questionnaire needs to be completed in one session and cannot be saved for completion later.

Thank you for your support and co-operation

Pharmacy details

*1. Please fill in yours details

Contractor Code (OCS Code)

Name of contractor (i.e. name of individual, partnership or company owning the business)
